Purpose of Policy

The Municipality of East Ferris has several boards and committees to ensure that there is appropriate consultation to assist Council in making informed decisions and to ensure that residents can provide input and make recommendations on matters affecting the community. Most committees (Advisory Committees and Ad Hoc Committees) are established to act in advisory role to Council although some are statutory in nature (Statutory Committees) and are established in accordance with legislation. Local agencies and boards are established and governed by provincial legislation. The purpose of this policy is to support the members appointed to agencies, boards, and committees that are established by Council or mandated by the province.

Appointments to Agencies, Boards and Committees

The Municipality of East Ferris acknowledges the value of boards and committees and the advice they provide to Council. At the beginning of a new term of Council, Council shall review all agencies, boards, and committees and amend the *Boards & Committees Policy, if needed*. The CAO and Clerk will assist Council by providing any information available such as mandates, goals, and objectives of each agency, board, and committee, and may recommend future priorities and direction in keeping with any policies of the municipality.

Citizen Appointments:

Numerous boards and committees require citizen representation. At the beginning of each term of Council, the newly elected Council will advertise for vacant positions on boards and committees. Council makes the final decision on board and committee appointments unless there is legislation that governs the appointment process. The Municipal Clerk will notify all applicants, in writing, of Council's decision and retain all applications on file for the duration of the term of Council. The term for board and committee members shall be the same as the term of Council, unless otherwise stated or adopted by resolution.
