AUTHORITIES

The first emergency plan for the Municipality of East Ferris was enacted on December 12, 1989 under By-law #1556. This original plan has been replaced by the community emergency plans adopted by Council on December 30, 2004 under By-law # 2075 with the authority of the Emergency Management Act, 2003 and under By-law #2155 adopted by Council on December 22, 2006 under the authority of The Emergency Management and Civil Protection Act, R.S.O. 1990, Chapter E.9.

This is Schedule ‘A’ to By-law # 2023-09 passed by Council for the Municipality of East Ferris on the 28th day of February, 2023 which contains changes and revisions made to the previous Community Emergency Plan under By-law #2220 and which replaces all previously adopted plans. By-law 2023-09 is passed under the authority of The Emergency Management and Civil Protection Act, R.S.O. 1990, Chapter E.9.

Revisions to the Community Emergency Plan under By-law #2220 were undertaken to update certain parts of the plan such as language, a complete appendices review and the location of the primary Emergency Operations Control Centre.

Mayor, Pauline Rochefort

CAO, Jason Trottier

INTRODUCTION:

By their nature, emergency incidents require coordinated responses by a number of agencies, under the direction of elected and appointed officials. They are distinct from routine operations carried out by these agencies under day-to-day procedures.

Emergencies may include: - transportation accident (rail/aircraft/etc.), power failure (winter), power outage (black out of long duration), wind storm/tornado, winter ice storm, pandemic, uncontrollable fire, power failure (summer), flooding, explosions, building/structural collapse or any threat of the foregoing, in which immediate remedial action will be required by the Municipality of East Ferris.

This plan has been formulated to assign responsibilities and to guide the immediate actions of key officials in the first few critical hours after the onset of an emergency and until such time as the emergency is over.

For this plan to be effective, it is essential that all concerned be made aware of its provisions and that every official and department be prepared to carry out their assigned functions and responsibilities in an emergency.

Regular exercises will be staged to ensure the arrangements embodied in this plan are kept current and that all are kept familiar with its provisions. Department heads should likewise review and keep up to date their own procedures and arrangements for responding to emergencies.

NOTE:

Located at the bottom of each page, is an updated date. This date will identify the page and the most current update (if any). The most current update is kept in the Office of the CAO and Office of the Fire Chief. Inquiries related to this document can be made at 705-752-2740.

Copies of this plan, not including the appendices, are available at the Municipal Office at 25 Taillefer Road Corbeil, Ontario, or on the Municipal website at eastferris.ca.

4.0 ACTIVATING THE PLAN

4.1 This Plan will be formally activated when an emergency is considered by the MECG, through the Head of Council to be of such magnitude as to warrant its use or 'declaration' as an emergency.

Preliminary Phase (Emergency Services)

4.2 In the preliminary phase, the senior officers of the Police, Fire and Ambulance services **on-site** will gather soon after arrival and assess the incident.

4.2.1 If the incident can be dealt with under normal procedures, then the response continues.

4.2.2 If the incident could expand to become a community emergency, one of the senior officers on site would contact 9-1-1 and request notification of the MECG as per the list supplied in the EMP. Monitoring should continue.

Secondary Phase (MECG Members)

4.3 The secondary phase of activation will be made by a member of the MECG, who receives the initial warning and/or arrives first on the scene of the emergency.

4.3.1 The notification may be activated by the Mayor, Chief Administrative Officer, the Fire Chief, the Police Official, the Director of Public Works, the CEMC or a designate of any of the above mentioned.

4.3.2 Upon activation, this person will notify other members of the MECG and provide the description of the emergency, instruct them to remain on standby or assemble at the ECC and ensure it is understood by each person called.

4.3.3 Persons on the notification list will be called in order, starting with the CAO (see Appendix 'I').

4.3.4 If the primary person cannot be reached at any of the listed numbers, telephone the alternate. Note and record time of attempted contact.

4.3.5 If neither can be reached, go on to the next appointment on the list.

- 4.3.6 Once the end of the list has been reached, try again to reach those who were not available on the first attempt.
- 4.3.7 Record the exact time each person was reached, or the time of attempted contact.
- 4.3.8 **In the event a contact person or their designate cannot be reached, the Head of Council shall formally request the co-operation of the agency or organization.**
- 4.4 On receiving the Emergency Alert, the members of the MECG will assemble at the ECC in the municipal offices at 25 Taillefer Road or if necessary at the alternate location at the East Ferris Community Centre at 1267 Village Road in Astorville. Liaison of radio systems will be established at the site.
 - 4.4.1 The CAO will exercise overall control, pending the arrival of the Mayor or Alternate, at the ECC.
 - 4.4.2 Public Works and Services will provide a mobile radio for the use of the CCG.
 - 4.4.3 Other support services and agencies may be contacted for assistance (see Appendix “IV”).
- 4.5 The Public Information Officer will be apprised of the incident and will make contact with local Media at the earliest possible opportunity to release information in conjunction with OPP.
 - 4.5.1 **Media contact with members of the MECG will be through the Public Information Officer only, unless otherwise indicated.**
 - 4.5.2 When it is deemed to be safe and feasible, the MECG may arrange for the safe conduct of media representatives to a point as close as possible to the incident site.

5.0 RESPONSIBILITIES OF THE HEAD OF COUNCIL

5.1 The responsibilities and functions of the Mayor in an Emergency shall be as follows:

- 5.1.1 In the absence of the CAO, activate the emergency notification system.
